

## Introduction

Step into the wilderness where time stands still in eternal moments of sheer bliss, where nature and man make a merger of the most spectacular kind. Discover the Sinharaja rainforest, the only natural UNESCO World Heritage Site in the country whose diverse culture of exquisite flora and fauna pave the way for an enchanting experience. Feel at home within 20 comfortable chalets that are designed with recycled material and adorned with every amenity imaginable. An unparalleled level of sustainability has been reached by incorporating the best practices in the spheres of planning, construction and operations.

Awarded the 'LEEDS PLATINUM for Sustainable Tourism' through Eco Management, The Rainforest, Deniyaya, Sri Lanka is proud to be the 1st in Sri Lanka, 5th in the world and 4th in Asia to be crowned with this rare honour. IFC, a member of the World Bank Group, provided advisory assistance and USAID supported the initiative.

The hotel consists of 20 Eco Chalets which includes comfortable cosy bedroom, a washroom, a living area and a private deck.

The Main building houses the restaurant, kitchen, the lounge and the bar, interpretation Centre and the deck adjoining. The lounge provides a beautiful view of the tea patch and the forest around it. Its cosy interior is an ideal place to snuggle in when the rain characteristic to the area pours on.
